## Technical Racer Back

TRUE Racer Back Singlet Performance Fit design. Developed cut to be worn as SST (Second Skin Tech) for best performance. If you desire a more relaxed fit we recommend going a Size up; PLUS you can customize and choose your build WITHOUT gel grippy along the hem. Please let us know at time of ordering. AS always please review the size chart. Note: All measurements are approximate.

- Our Size Chart is NOT the body size. It is a clothing size for FIT.
- **WE HIGHLY SUGGEST** Measuring a singlet you already own. Lay the singlet on a flat surface and use the guide to measure the 1/2 chest from center armpit to center armpit. Compare those measurements to the chart.

**Note:** Our custom Technical Singlets are all hand made pieces. During the production process there may be a small natural variation on sizing that should not exceed one half of an inch on any measurement.
